

8 inches  
 Pattern is designed to be printed on an 8.5 by 11 inch piece of paper

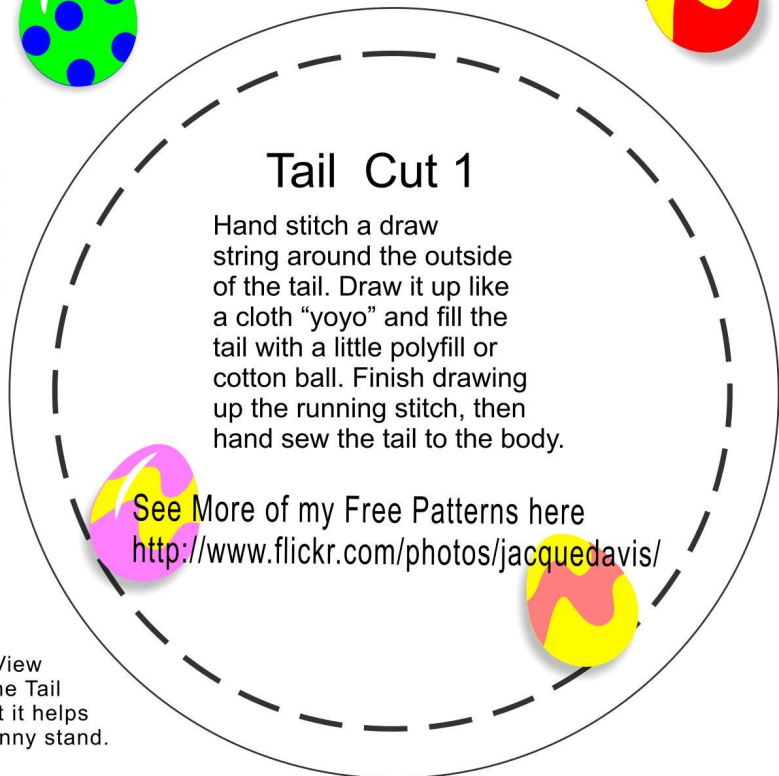

# TINY LITTLE BUNNY

This little guy is designed to be made from scrap pieces of fabric. Hand embroider the face and feet BEFORE cutting the pattern out, so that there will be enough fabric to fit in an embroidery hoop. The pattern is designed with a 1/4 inch (width of the presser foot) seam allowance. The seam down the back is slightly wider to allow for easy stuffing and hand sewing.

Back View  
 Sew the Tail so that it helps the bunny stand.
